Dear Sir or Madam,

Spare Parts, Service and Technical Support for certain Mature Equipment

We are writing to notify you of the arrangements Siemens Energy has made for providing support to owners of the following Mature Equipment:

Gas Turbines Packages

i.e. a gas generator and a power turbine together with its auxiliary systems (including starter, lubricating oil, gas and/or liquid fuel, gearbox and couplings, acoustic enclosure, ventilation, fire and gas system, combustion air inlet and exhaust systems together with associated non-skid piping, on-skid wiring, controls and instrumentation systems) for mechanical coupling to one or more driven unites (but not including the driven unit(s)).

EM27	CL75	L20
BEDFORD	EL60	L21
EM85A	G1	L51
EM85B	G2	TD4000 (but not Gas Turbine Packages installed in Iran or owned/ operated by an Iranian Entity)
EM610B	G4	
EM610C	G6	

Ancillary Equipment & Power Turbines

i.e. a Gas Turbine Package but excluding the gas generator. Note: all below-listed Gas Turbine Packages are driven by a Siemens aero-derivative gas turbine, except for RLM-125 and RLM-150.

AP-1	EO-1	ERB-134
AP-2	EO-2	ERB-122
AP-4	DEO-2	ERB-124
EA-1	EAS-133	RLM-125
EA-2	EAS-134	RLM-150
DEA-2	EAS-135	
OP-1	EAS-135A

Siemens Energy entered into a long-term agreement with Greenray Turbine Solutions Limited ("GTSL"). Under the agreement, Siemens Energy:

- a) Appointed GTSL as a Siemens Energy Advanced Partner for the supply of spare parts, services and technical support for the support of the above Mature Equipment;
- b) Delegated to GTSL Technical Authority for the above Mature Equipment; and
- c) Granted to GTSL certain exclusive intellectual property rights, to be used only for the support of the above Mature Equipment.

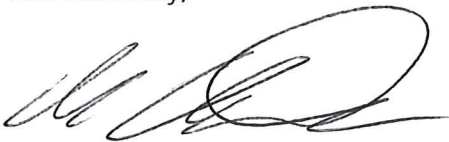

GTSL is a company with specialist knowledge of the Mature Equipment and its key personnel have many years of experience in servicing it. We wish to assure you that, as the owner of Mature Equipment, you will have access to the very highest level of operational and maintenance support through GTSL. GTSL's contact details are:

Greenray Turbine Solutions Limited
Fields Business Park
Whisby Road
Lincoln
LN6 3QW
Tel:+44 (0) 1522 503300
E-mail: turbines@greenray.com

For equipment driven by a Siemens Energy aero-derivative gas turbine, GTSL is able to sub-contract service of the gas generator to SIEMENS Energy approved Service Centres.

Assuring you of our continued commitment to support your operation and maintenance requirements.

Yours faithfully,

Mark Alexander
Vice President SGT Service
