Dear Sir or Madam

Spare Parts, Service and Technical Support

We are writing to notify you of the arrangement Siemens Energy has made for providing support to owners of the Ruston TA range of gas turbines.

Gas Turbine Packages

i.e. a gas generator and a power turbine together with its auxiliary systems (including starter, lubricating oil, gas and /or liquid fuel, gearbox and couplings, acoustic enclosure, ventilation, fair and gas system, combustion air inlet and exhaust systems together with associated non-skid piping, on-skid wiring, controls and instrumentation systems) for mechanical coupling to one or more driven units but not including driven unit(s).

TA1250	
TA1500	
TA1750	
TA2500	

Siemens Energy entered into a long-term agreement with Greenray Turbine Solutions Limited (GTSL). Under agreement, Siemens Energy:

- a. Appointed GTSL as a Siemens Energy Advanced Partner for the supply of spare parts, service and technical support for the support of the above Mature Equipment.
- b. Delegated to GTSL the technical authority for the TA gas turbine and its package.
- c. Granted GTSL certain exclusive intellectual property rights, to be used only for the support of the above.

Siemens Energy Industrial Turbomachinery Ltd.
Management: Stephen Scrimshaw

Teal Park
Teal Park Road
